

VR RESOURCES

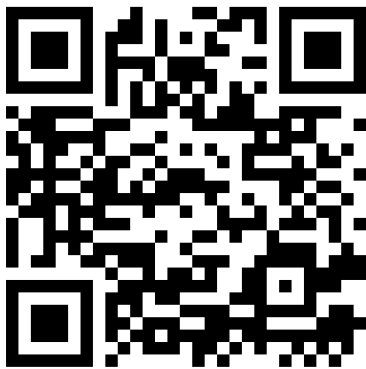

DecARcerate's Campaign to End Solitary Confinement hopes that this Virtual Reality (VR) headset will serve as a useful tool in educating Arkansans about the abusive practice of solitary confinement.

If you are interested in connecting with us around our work to end solitary confinement, send us an email at: contact@decarceratear.org

PROJECT WITNESS

Project Witness works to create proximity that in turn builds empathy for the lived experiences of people who were incarcerated as children.

6X9

6x9 is a virtual reality experience that places you inside a US solitary confinement cell and tells the story of the psychological damage that can ensue.
